

STREETSCAPE PROJECT UPDATE AS OF

Friday, May 8, 2020

No change in traffic pattern next week, as of Monday, May 11, 2020.

Main Street is CLOSED, from Whitehead Street to north of Doughton Street. This closure will continue until new sidewalks are complete.

Construction will include pouring sidewalks this week and next week. Access to businesses will be closed for one day when the sidewalk is poured in front of the business. The contractor is working directly with each business to coordinate for this interruption.

At this time, the businesses that will be impacted include: Trojan Tire, ABC Store, Becca's Backwoods Bean Coffee Shop, Keller Williams Realty and Dixon Auction & Realty. The schedule for sidewalk construction will be coordinated with each business by the contractor.

- **WHITEHEAD STREET will remain open to traffic at this time.**
- **DOUGHTON STREET WILL BE CLOSED.**
 - **All local traffic will be detoured around the construction zone, using Trojan Avenue & Cox Street, the Sparta Parkway and other town streets.**

The construction work on North Main Street, between Whitehead Street and Doughton Street will continue complete. I will be providing regular updates on the sidewalk construction schedule.

After the north-side of Whitehead Street is complete, the street closure will move to the south-side, from Whitehead Street to Cheek Street. All street and sidewalk on the south-side will be demolished and re-build, same as the north-side.

Construction is on schedule. We appreciate your continued patience and understanding.

Bryan Edwards – 336-372-4257
